### Written Testimony

Dear City Council Budget Committee, I am giving testimony in support of Bill 10 carsharing. I am a retiree living in Waikiki and strongly support carsharing. I need a car occasionally for transporting groceries and other heavy and bigger items that can't go on the bus. Car sharing would meet my needs and many of my friends. It is an affordable method of using a car instead of owning one. I need carsharing to be affordable like in other cities and at a similar price. If the cost is too high not enough people will use them and Honolulu will not make this valuable step forward in improving the lives of its people and improving sustainability. Bill 10 proposes the cost of parking spaces and the amount seems very high. Through your negotiations I hope this cost is reduced. Please contact Susan Shaheen from Berkeley's Transportation Sustainability Research Center. Thank you for your time and efforts. Please support Bill 10. Aloha, Marsha Johnson
